

WELCOME

Hello - I hope this finds you well - a warm welcome to you all and thank you for joining us in this Christian Aid Service of Worship. It was seventy five years ago this year, at the end of the Second World War in Europe, that members of British and Irish Churches, got together to form the organisation now known as Christian Aid. Inspired by faith and the message that Jesus gave his followers, 'Love God and love your neighbour' - they began to raise funds in order to help European refugees who had lost everything. Christian Aid is now a global entity fighting poverty and injustice.

The Christian Aid Week message this year that love never fails and unites us all, even in the severest of adversity, is the theme of our service today. 'Coronavirus impacts on us all- but love never fails and unites us all '

Let us now join the service.
